

Travaux pratiques sur programmation CPU/GPU avec SYCL

lundi 4 décembre 2023 14:00 (1h 15m)

- Start Working with IDC, explore SYCL,
- Understand the SYCL* language and programming model.
- Use device selection to offload kernel workloads.
- Decide when to use basic parallel kernels and ND Range Kernels.
- Create a host accessor.
- Build your first SYCL application
